RUN DURATION

253.27s

Scenario Difference Matrix

Area	Without Login (Guest)	With Login (Authenticated)
Profile icon click	Login modal should open	Profile menu should open with user email + Logout
Cart behavior	Add to Cart should show User not Login warning	Add to Cart should increase cart count
Download Selected	Should show login warning	Should work without login modal
Header cart icon	Should open login modal	Should not open login modal
Core navigation/search/pagination	Functional navigation checks	Same checks validated after successful login

Scenario Summary Split

Without Login (Guest)

Total: 9 | Passed: 9 | Failed: 0 | Skipped: 0

With Login (Authenticated)

Total: 9 | Passed: 8 | Failed: 1 | Skipped: 0

Test Case List - Without Login (Guest)

TC ID	Scenario	Status	Duration
G-001	[Guest] loads home page and shows core modules	Passed	22.32s
G-002	[Guest] all visible home page buttons are working	Passed	6.49s
G-003	[Guest] eye icon opens and closes details	Passed	2.16s
G-004	[Guest] download selected shows login warning	Passed	37.44s
G-005	[Guest] top navigation links route to expected pages	Passed	2.92s
G-006	[Guest] all header icons open expected page or modal	Passed	3.09s
G-007	[Guest] search works with icon click and Enter key	Passed	2.60s
G-008	[Guest] add to cart shows login warning	Passed	1.93s
G-009	[Guest] pagination works on home catalog	Passed	2.06s

Test Case List - With Login (Authenticated)

TC ID	Scenario	Status	Duration
L-001	[Login] user can login with email and OTP	Passed	14.39s
L-002	[Login] loads home page and shows core modules	Passed	13.88s
L-003	[Login] top navigation links route to expected pages	Failed	41.87s
L-004	[Login] all header icons open expected page or modal	Passed	18.38s
L-005	[Login] search works with icon click and Enter key	Passed	15.46s
L-006	[Login] eye icon opens and closes details	Passed	16.03s
L-007	[Login] add to cart updates cart count	Passed	16.11s
L-008	[Login] download selected works without login modal	Passed	16.09s
L-009	[Login] pagination works on home catalog	Passed	15.71s

Failed Scenario Detail

L-003 - [Login] top navigation links route to expected pages

File: tests/home/homepage.spec.ts:102

Failure Point: pages/login.page.ts:55

Error: OTP verification title did not appear within 35s after clicking Send OTP.

Classification: Intermittent login/OTP setup issue in UAT, not direct home top-navigation functional break.
